

## GUIDED MISSILE AND ASTRONAUTICS INTELLIGENCE COMMITTEE

2 November 1959

MEMORANDUM FOR: Members, Guided Missile and Astronautics  
Intelligence Committee

SUBJECT : Space Surveillance

1. The USIB minutes on the attached paper require "consultation" with the Scientific Intelligence Committee (SIC).
2. Frankly, I did not realize this until today. The GMAIC view on the PNIO's, which is only a part of the attached papers, is being represented by me at the "Board reps" today. The basic PNIO's are on the tentative USIB agenda for 10 November. Therefore, Board action may further modify this paper.
3. You are encouraged to encourage your SIC member (even if you are it) to approve the paper as written.
4. You will be given remarks (if any) and the paper when it is sent to USIB.

USAF review(s)  
completed.
